

A SPLENDID VICTORY

Bostonians Americans Won From New York

THEY PLAYED A FINE GAME

Chicago Also Fell Down Before Detroit and Philadelphia Won from Washington—New York Nationals Beat Boston.

The Boston Americans performed splendidly at the Highlanders' grounds in New York yesterday, defeating the American league leaders by the score of 4 to 1. The victors both batted and fielded better than the leaders and deserved the game. The result had little bearing on the standing of the leaders, as Chicago, the next best, fell down before Detroit in a close game, 2 to 1. Philadelphia came along a notch by a well-earned victory over Washington. The Athletics are now but nine points behind Cleveland for third place. Boston from now on will make a great effort to leave itself out of last place, and if Washington continues to lose, the trick will be done.

The New York Giants took one more toward that impossible goal, the lead of the National league, yesterday. Tenney's men being the easy victims of a shut-out, 4 to 0. Another fallender, Brooklyn, fell before Philadelphia. There were no other games in the National league.

COLLINS IS EXPECTANT.

Says the Papers Will Have Important News.

Boston, Sept. 11.—Jimmy Collins was at the south end grounds at the game between the Giants and the Tenneys yesterday afternoon. When asked if a disposition of his case had been made, he said:

"I went to the American league headquarters at 1 o'clock to see General Taylor, but he was out to lunch and I did not see him. However, I expect to have my case settled tomorrow, when I call on the office at 11:30. Then, I think, the papers will have a chance for some big headlines."

It was the first appearance of Collins at the south end grounds since he jumped the team back in 1906 to lead the Boston Americans. He was pleasantly greeted by a host of friends in the grandstand. "It seems like old times to be here again," said Collins. "That left field fence looks mighty close, and I would like a chance to knock a few home runs over it."

"I hear Tenney's team needs some new players," continued Collins, with a smile, "and I'll cover any old place in the field if they want me."

Collins appears to be in excellent health, and still wears that winning smile, which has endeared him to an army of baseball fans.

TOM STANKARD'S WORK.

Was Far and Away the Best Springfield, Mass., Batter.

Tom Stankard, the Inter-city's second baseman last summer, and who gave us the "go-by" this year to play with Springfield in the Connecticut league, was far and away the leading batter on the Springfield team. His percentage was .330, while the nearest man to him had .287. The Springfield Republican says of his work:

"Tom Stankard is a student in the Harvard medical school, and although he will probably be called to the Philadelphia American for the rest of this season, his winter will be spent in the dissecting room and around the operating table, where he will face a different kind of 'stiff.' Stankard says that if any of the Connecticut league umpires are found on the hospital slab, he will request to be allowed to wield the scalpel."

About his playing the sporting writer of the same paper says:

"Stankard has played magnificently since he was placed at second, and his hitting has been a feature of the season. There are few switchmen in the league who can drive the ball with such force as the ex-collegian, and there are as few as few who are as successful in getting the ball away safely. Stankard has ranked above the .300 mark almost all the season, and has been one of those men who are fairly successful in hitting at opportune times. As a base runner, Stankard has shown up to advantage, while his second base play has been as smooth as one would care to see in this league. He has been one of the 'finds' of the season."

him for ten days from active service with his team. On Saturday at Umpire Conahan was leaving the grounds under police escort. Stallings kicked him through the gate.

Taylor says he will not for an instant countenance rowdism in the league and will punish every offense of this sort brought to his attention. Conahan's supposed unfair decisions in the game with Toronto caused the trouble.

SENT TO WINDSOR.

Ernest Kendall and Frank Delorme, Out Thieves, Get Their Punishment.

Burlington, Sept. 11.—Ernest Kendall and Frank Delorme were before Judge Mower in city court Saturday, charged with stealing 10 bags of oats from M. H. Severance of Colchester. They were arrested Thursday by Deputies Quinn and Davlin, while they were at work on a dam at Essex Junction.

The men were first taken before Justice F. L. Graves at the jail. They waived examination and were held for county court. Later they requested State's Attorney Sherman to file information against them and they then pleaded guilty.

From statements made to the court it appeared that Delorme had more to do with the affair than did Kendall and he was sentenced to serve not less than one year and a half and not more than two years in state prison. Kendall was sentenced to serve not less than nine and not more than 12 months.

Invitations were also sent to old neighbors among the farmers and each invitation was answered in person by the proud recipient.

SUES 18 COAL DEALERS.
Hartford Independent Merchant Alleges Conspiracy.

Hartford, Conn., Sept. 11.—Papers are being prepared in a suit of considerable public interest and importance to be brought probably today or tomorrow in the United States Circuit Court of this city. The suit will be instituted by Charles H. Hale, a coal dealer, against several local dealers, under the criminal clauses of the Sherman anti-trust law, the plaintiff claiming also that the action of the dealers is in restraint of trade.

Mr. Hale says that the local dealers have used their influence against him, so that he experienced much difficulty in getting coal. Wholesalers refused to take his orders, he claims, while others would accept them and either not fill them or make so much delay as to be embarrassing to him. Sixteen of the local dealers will be made parties defendant in the suit.

COMMENT MRS. DECKER'S "RACE SUICIDE" VIEWS
Many Writers Indorse Her Position, Which Is Against That of President Roosevelt.

Denver, Colo., Sept. 11.—Mrs. Sarah Platt Decker, president of the national federation of women's clubs, who recently took issue with President Roosevelt's demand for more children, is receiving letters commending her claim, that it is of greater importance to a nation aiming at mental, moral and physical progress to have a thoroughbred progeny than to have the highest possible number born without regard to their parentage. All these letters so far are from men.

One writer, evidently a physician and scientific student, rejoices at the prospect that the question of race suicide and race progress will now be more generally discussed. He says there has been a quiet discussion for some time among scientific men who believe that imbeciles, degenerates and sick persons should be weeded out and forbidden to marry, and that a movement is on foot to bring the matter before legislatures and congress.

He indorses Mrs. Decker's view that there should be a sufficient period of courtship before marriage so that the parties might determine satisfactorily whether they really love each other and are properly mated.

One letter is from a young man who says he has determined he will not marry, even should he fall in love, till he is sure his marriage will aid in the progress of the race. He says he has not yet found a partner of that kind.

CANNON MOW DOWN THE JEWS

Artillery Used at Siedlce-200 Dead 3,000 Wounded

TROOPS LEAD SLAUGHTER

Soldiers Infuriated by Terrorist Murders, Bayonet Unfortunate Victims in Streets—Mob Aids in Bloody Work.

Warsaw, Russian Poland, Sept. 11.—Artillery was used in Siedlce yesterday morning. Buildings on Plenkna, Warsaw and Aleina streets have been destroyed. According to reports received here, 200 Jews were killed and 3,000 were wounded during the pogrom.

The artillery opened fire at 8 o'clock yesterday morning. The cannon shots were directed against the buildings from which the terrorists had fired on the soldiers.

The sound of the big guns sent a number of women into a state of shrieking and hysterical fear.

After 150 Jewish shops were looted, Christians escaped massacre by hanging only images and crosses in their windows.

The soldiers got quite out of hand. Most of the persons arrested are Jews, and they were beaten without mercy.

The Jews of Warsaw are in fear of attack. Slaughter Carefully Planned.

Siedlce, Poland, Sept. 11.—A Jewish massacre surpassing in seriousness all previous ones in this vicinity, took place here Saturday and Sunday. It was carefully planned beforehand, the soldiers warning all of the Christian population in advance to hang out their ikons so that they might remain undisturbed.

Saturday night some terrorists killed two soldiers and threw them the Lithuanian regiment broke forth in unrestrained fury. They began murdering Jews on every hand, and continued the work of slaughter all night Saturday night and all day Sunday.

The ghastly work of murdering and pillaging continued until an early hour yesterday morning, when Governor General Skalon telegraphed for permission to use the artillery. Four batteries then opened fire down Plenkna, Warsaw and Aleina streets, which were inhabited by thousands of Jews. The destruction was horrible.

As a result of the general slaughter it is estimated that fully 200 Jews have been killed and 1,000 wounded. There are 3,000 prisoners in custody, many of whom are wounded. Not a soldier was killed.

Officers Do Not Interfere.
Yesterday morning squads of soldiers were parading through the streets selling pillaged watches and jewelry. Army officers openly commended the selling of loot. The local governor, Eagle, took no step to prevent the outrage.

Six buildings in the big bazaar of the city are now in flames, adding another terror to the killing and plundering. Frequent shots and occasional volleys firing are still heard in different parts of the town.

Hundreds of Jews are assembled at the railroad station awaiting means of getting out of town, but Siedlce is surrounded by troops, who do not permit exit or entrance.

The telegraph offices are closed, and nobody is allowed on the streets or to leave the town. The refugees continue to crowd to the stations. The soldiers are drunk and behaving with extraordinary brutality.

As St. Petersburg Sees It.
St. Petersburg, Sept. 11.—The prediction made in these dispatches on August 23 of a Jewish massacre at Siedlce, Russian Poland, have been unhappily justified by the fighting which broke out Saturday night, and which developed on Sunday into a carnival of indiscriminate slaughter and pillage, in which the soldiery and the mob took part.

Unfortunate Jews were shot down and bayoneted in the streets of the town. Houses and shops were broken into and sacked, and valuables were carried off and offered for sale by soldiers to passengers on passing trains.

In addition to the Jews a number of Christians and even some officers met their death in the fighting. The number of victims has not yet been established, but a conservative estimate places it at 140. The Jewish fugitives who thronged the railroad stations at Siedlce are in a state of panic.

Reports received here from Warsaw and other towns in the vicinity of Siedlce place the number of victims at several hundred.

Blamed on Terrorists.
The early reports of the Siedlce massacre put the responsibility at the door of the terrorists, but fugitives declare that the soldiers never would have been allowed to get so complete a shot of hand without the connivance, if not the actual direction, of their officers. The first reports of the Bialystok massacre last June said the terrorists were to blame there also.

It is difficult to obtain details of the trouble, as Siedlce was surrounded Sunday by soldiers, and none was allowed to enter. Passengers, however, who arrived at Warsaw during the night gave the following account of the slaughter:

After the murder of a policeman by terrorists on Saturday night and the firing of a volley by troops into the assembled crowds which resulted in the killing of two citizens and the wounding of many more, the terrorists held a meeting and decided to exact vengeance by inaugurating a general campaign against the police and the troops similar to the recent activity along the same lines in Warsaw. In the course of Sunday morning, twelve patrolmen and soldiers were killed.

Furious over this, the Lithuanian regiment left its barracks in the afternoon and marched into the Jewish quarter, shooting right and left as it went. The troops were joined by crowds of hoodlums, who co-operated in the plundering and wantonly destroyed everything they were unable or unwilling to carry away. The sale of booty by the soldiers went on under the very eyes of their officers.

Trying to Stop the Pogrom.
A late hour in the afternoon the Kaluga regiment arrived on a special train from Biala, and measures were instituted to put a stop to the pogrom. In spite of this, however, the shooting continued up to a late hour Sunday night.

A correspondent of the Associated Press, who was not able to get into Siedlce Sunday, started for there a second time yesterday morning.

Siedlce is a town of 30,000 people, half of whom are Jews.

Neglected Rheumatism Causes Paralysis

A Uric-O Treatment Will in All Cases Remove the Cause.

Paralysis is a disease whose cause is shrouded in mystery. If you were to investigate carefully all cases of Paralysis you would find that at some time previous to the attack, the patient suffered from some form of rheumatism. Possibly like so many others, he thought it was only a slight matter of temporary inconvenience and paid no further attention to it. Rheumatism is not to be neglected with impunity. The Uric and poisonous Rheumatic Acid must be neutralized and driven from the system as soon as they put in an appearance. Do this with Uric-O.

It is a harmless vegetable preparation and does not contain a single drop of alcohol. It operates by its action upon the blood, muscles and kidneys and cures Rheumatism to stay cured. You might give your testimonials from thousands of people in all parts of the country, but we would rather have you talk with some one whom you know and can believe. Next time you are down town just drop into The Red Cross Pharmacy, Barre's popular drug store, and ask them about Uric-O. We won't predict what they will say, but we have confidence enough in the remedy to leave it to them.

Uric-O is not a cathartic, nor does it affect or distress the stomach in any way. Uric-O is a cure for Rheumatism and for Rheumatism only. That is why it is such a great success. It does one thing and does that one thing perfectly. Most druggists sell Uric-O at 75c and \$1.00 the bottle, but you can have a sample bottle free if you cut out this advertisement and send it with your name and address to the Smith Drug Co., Syracuse, N. Y. Sometimes they send an order on your druggist for a 75c bottle free of charge in reply to those requests for a sample.

PRINCE CARL 5¢ CIGAR UNION MADE

TO EVICT AGED PARALYTIC.

Granddaughter of Patrick Henry May die as the Result.

Chicago, Sept. 11.—Mrs. Emily White, eighty-nine years old, who says she is a granddaughter of the illustrious Patrick Henry, expects to be evicted today from her shabby home at 3116 Armour avenue. She is a paralytic, is confined to bed, and, in addition, suffers from rheumatism and heart trouble.

Dr. Andrew L. Smith, who visited the invalid some days ago, at the solicitation of the Bureau of Charities, when eviction was first threatened, declared that any effort to remove the woman would result in her death. Notwithstanding this, according to those in the house, a constable called Saturday and roughly announced that the house would have to be vacated yesterday and that an ambulance would be furnished to convey the invalid to the poorhouse.

MILLION IN PANAMA JUNK.
Canal Commissioners Selling Old Machinery Left by the French.

Washington, Sept. 11.—The sale of 7,200 tons of cast iron junk on the isthmus of Panama for \$60,000 recently has encouraged the Canal Commission to believe it has a small fortune in worthless machinery purchased from the French Canal Company. The lot of scrap iron sold was assembled from a few acres of ground which Chief Engineer Stevens found it necessary to clear in order to construct new switching yards for the railroad.

One of the officials of the commission said yesterday that there were thirty miles of ground strewn with similar machinery. He roughly calculated that when it is gathered up it will be worth \$1,000,000 or more. Among the items that will figure in this scrap are 240 Belgian engines that are equipped with pepper boilers and bronze tubes.

EVIDENCE AGAINST CASHIER.

Secret Memoranda Accuse Hering, Standard Bank Official.

Chicago, Sept. 11.—Secret memoranda covering illegal transactions in the Standard bank were found Sunday by Police Inspector Shippy among the effects of Frank Kowalski, the teller, whose suicide followed closely the exposure of the bank's condition. The record kept by Kowalski, it is alleged, indicated apparently that in less than a year Henry W. Hering, the imprisoned cashier, personally obtained \$10,000 of the money of depositors by the same means adopted by resident Standard.

The discovery of Kowalski's figures was a result of the opening of a wooden cupboard in one of the bank vaults. Inside was also a large bundle of forged notes.
